

United Way invites everyone to LIVE UNITED

LIVE UNITED is the call to action being issued by United Ways across the country. More than a slogan, it is an invitation to people to be part of changing their communities.

Everyone has a right to a good life and a responsibility to improve the community.

When we reach out a hand to one, we influence the condition of all.

To LIVE UNITED is to advance the common good for all of us.

SO HOW DO YOU LIVE UNITED?

GIVE. Donate to United Way – the easiest and most powerful way to improve the community.

ADVOCATE. Speak up for a cause you care about.

VOLUNTEER. Give a little time to make a big difference in another person's life.

The LIVE UNITED philosophy and the new LIVE UNITED t-shirt are an integral part of the 2010 campaign, appearing in promotional materials and on United Way's redesigned website. As a key United Way volunteer, you are showing people an important way that YOU LIVE UNITED.
