

## WHAT DOES UNITED WAY DO?

United Way works here in our community to raise money to support our community partners who work hard every day to advance the common good by focusing on improving Education, strengthening Families, promoting Health & Healing and increasing Self Sufficiency. These are the building blocks for a good life. . . and with all of us working together we can create lasting changes that prevent problems from happening in the first place!

United Way partners with many organizations in the community to solve problems that no one can solve alone. By raising money and investing that money in the highest priority areas, United Way creates long-lasting changes in our community.

United Way invites everyone to Live United, to Give, to Advocate for a cause you believe in and to Volunteer whenever possible!
